TRUTH to the FOUR WINDS

Is the Gospel really going to every corner of the earth?

We want to talk with you," the caller urged. "I am an Imam at the mosque."

The request startled the church minister. In a country where Christians are persecuted, he was wary. "Why do you want to meet?" The answer stunned him: "Three of us Imams have been secretly watching Amazing Facts videos. We are convinced about the Seventh-day Sabbath."

That was just one of many incredible stories that Karen and I heard during a recent evangelistic trip to Southeast Asia and the South Pacific. Everywhere we went, we were amazed at the number of lives God had touched through Amazing Facts outreach!

To the four corners of Earth—north, south, east, and west—your gifts are transforming hearts and feeding souls. We met thousands who joyfully testified how, through you, God led them to plain truth.

Is the gospel really going to every corner of the earth? Yes! I saw it with my own eyes. Thousands were baptized in Vanuatu alone, surrendering their lives to Jesus.

Even in places where following Christ can cost everything, I heard miraculous testimonies from courageous believers who face daily persecution. Over the course of five intense weeks—13 flights, dozens of speaking engagements, and storms that nearly shut everything down—we witnessed God's hand at work again and again.

We also learned that there is still much work

to be done. During this trip, my heart ached for the millions who still have not heard the name of Jesus.

And we have no time to spare in reaching them, as I believe the news headlines—wars, natural disasters, and political and economic peril—are shouting to God's people that the angels of Revelation 7 are loosening their hold on the winds of strife.

But God's Spirit is still moving powerfully, so don't be discouraged!

Even in places where following Christ can cost everything, I heard miraculous testimonies from courageous believers who face daily persecution.

In fact, I pray this report strengthens your faith and reminds you how God is using you to lead souls to Christ as we quickly approach His return.

Weekday Wonder

To get to Vanuatu, you must go through Australia. I thought it would be a shame to be that close to so many of our viewers in the Land Down Under and miss the opportunity to teach them God's Word in person. The only way we could do it, though, was to meet on weekdays. I had my doubts about how many seekers would come out.

Turns out, I underestimated the power of God's Spirit!

I first spoke in Wahroonga near Sydney. The church was filled wall-to-wall with friends who love our broadcasts. One young man who came into the church through Amazing Facts is now studying to be a pastor.

2500 BAPTISED DURING THE YES TO JESUS VANUATU CAMPAIGN AUGUST 1-23:

1. 89 teenagers give their heart to Christ in baptism
2. Thousands of baptismal candidates say "yes to Jesus"
3. Pastor Doug baptising alongside 16 other Pastors
4. One of the 5 Village Chiefs who gave their lives to Christ in baptism.

We then went to Newcastle. Church leaders rented the town's biggest theater—and it was packed with people eager to hear God's last-day truth.

The same thing happened in Brisbane with more than 1200 people—many of our Television viewing audience—coming out on a week night! The Holy Spirit truly moved on hearts in Australia in a big way and many made decisions for baptism and Bible studies.

God's Power in Vanuatu

After a year of planning with the local mission, our Amazing Facts Oceania team supported the "Yes to Jesus!" evangelistic campaign in Vanuatu. The mission began with medical outreach where our team treated over 3,000 people, following Christ's method of healing first. There were over 200 preaching sites all over Vanuatu that ran for two weeks prior to the final week that I preached. Evangelists from Australia hosted meetings at 19 sites, from high schools to prisons, and in local villages across the country where the 3 Angels messages have never been preached before.

Prejudice against Sabbath-keepers made it a challenge for many to attend. Some secretly listened on the outskirts of the venues, fearing

retribution by family members, employers, and neighbours. But many came forward for baptism despite the pressure, including five village chiefs and the pastor of a large Sunday-keeping church!

Our weeklong meetings, called Prophecy Encounter, were held at Korman Stadium, where thousands came out to listen, with numbers swelling to 4,000 on God's Sabbath. Our sessions were broadcast on TV and radio and live-streamed over the internet to over 100 sites on islands across Vanuatu.

The devil tried hard to shut down our meetings—from storms to electrical outages. One night, rain came down in torrents, and I got drenched. At one point, the large LED screen almost blew over. Thinking about those literal winds, I am reminded of the "four angels standing at the four corners of the earth, holding the four winds of the earth" (Revelation 7:1). Though soggy, I persevered, knowing people were still watching, with some even listening while sitting drenched in the fields.

My heart still throbs with joy when I picture nearly one thousand souls lined up on a soccer field for baptism. It took almost five hours to baptize all of them. Another 1500 were baptized at other sites, and a group of prisoners as well. It felt like a repeat of Pentecost!

YOUR SUPPORT IS MAKING A DIFFERENCE!

Pastors are leaving their churches to follow Bible truth. Muslim imams are being convicted by the Sabbath. Over 2,500 souls were baptized on one Pacific island alone. But the work is not finished, and God is calling us to work together to reach the four corners of the earth while there is still time. Your gift this month will change lives!

As a token of my deep gratitude for your gift to support to evangelism this month, I'd love to send you a book of spiritual renewal called *Life in the Spirit*, which I pray will be a blessing to your soul.

ROXANNE'S CHANGED LIFE TESTIMONY

From Ancestor Worship to a New Life in Christ

I grew up in Taiwan, in a culture deeply rooted in ancestor worship and Buddhism. As the years went by, my older brother was introduced to Christianity and would share stories with me about God. I remember praying one night when I felt confused about many things in my life, "God, if you are real, show me the truth". By God's incredible grace, I came to know Jesus in 2020 and His love transformed my life. It was a miracle. From that moment, I developed a deep hunger for God's Word and a desire to really understand what the Bible teaches.

In May this year (2025), I came across a YouTube video by Pastor Doug Batchelor. I honestly can't remember which video it was—there have been so many since! But as I started watching one video after another, I was absolutely stunned. I also enrolled in Amazing Facts Oceania online Bible Study course. I work full time and usually come home very tired, but this time it was different. During those two weeks, I was so hungry for truth that I would wake up at 2 or 3 am in the morning just to study without distractions. I finished the full series in just two weeks. One of the most important truths I learned was about the Sabbath. The Bible clearly says in the fourth commandment that we're to keep the seventh day holy. This

isn't just a Jewish tradition—it started at creation. But the majority of Christian churches worship on Sunday, and most people never stop to ask why.

I also began to understand how this issue ties directly into end-time prophecy. Sunday worship may one day be enforced as a sign of loyalty—what the Bible calls the Mark of the Beast. That's a serious matter, especially for those of us living in the end times.

But I was challenged because of my job—I work in real estate, and Saturday is one of the busiest days. I thought, "If I can't work on Saturdays, maybe I need a new career." But God opened a door I never expected. Now, I can keep the Sabbath—and still do my job! Praise the Lord!

I want to take this moment to thank the Amazing Facts team and the supporters who make the ministry possible. Thank you for being faithful to God's Word and sharing the truth without compromise! You've helped people like me—who didn't grow up with this knowledge—discover the full message of the Bible. Now, it's our turn to share these truths with others.

I believe we need to be like the five wise virgins—keeping our lamps filled with the oil of the Holy Spirit, grounded in the truth of God's Word, and ready when the midnight cry comes.

Let's stay awake. Let's be faithful. And let's be ready to meet our Bridegroom, Jesus Christ when He comes back soon!

All glory to God,

Roxanne –Brisbane, Australia

Prison testimony

My name is Benji. I am currently serving a sentence in prison. I was sitting in my cell awake and unable to sleep early Sunday morning, which is out of character for me. I decided to turn on my TV and was flicking through the channels when I came across a preacher on your TV show called 'Amazing Facts'. I've never seen a show like that before and found myself glued to the TV, every word resonating with me. I now watch the program every single Sunday without fail and want to thank you so much for helping me understand the need for Jesus in my life! I now call myself a Christian, but would like to do more study. I was wondering if I could humbly request a study Bible as well as anything else you could offer to help me learn and understand the mysteries of the Bible. I truly want to live an honest Christian life. Any help and guidance you can offer me would be greatly appreciated.
